

Autumn 1 - A Twist in a Tale

Science - We are learning about the 7 life processes.

Go for a walk and see how many things you can find that are alive. Can you find some Autumn objects that used to be alive? Record your findings in your homework book or bring them into school to share.

Geography - We are learning about our local area.

Human features are places that have been built by people. How many different human features can you spot in our town of Rugby?

Share your ideas in your homework book by drawing, writing or adding photos.

A Twist in a Tale

English - We are learning about traditional tales such as Goldilocks and the Three Bears.

What is your favourite traditional tale? Design a front cover for a new version of it. You could even write a blurb to go on the back!

PSHE - We are learning about how each of us are important and unique.

What makes you special? What do you like? What is important to you? Share in your homework book.

Art - We are learning to use different mark-making skills when drawing.

Carefully draw a picture of your favourite toy or animal. Can you use dots, lines, swirls or even cross-hatching to add detail to your picture?

Year 2 Maths Fluency Focus

Number Bonds to 20

Practise learning these number facts so they become automatic. Look for patterns to help you.

0+20=20	20-0=20
1+19=20	20-1=19
2+18=20	20-2=18
3+17=20	20-3=17
4+16=20	20-4=16
5+15=20	20-5=15
6+14=20	20-6=14
7+13=20	20-7=13
8+12=20	20-8=12
9+11=20	20-9=11
10+10=20	20-10=10
	20-11=9
	20-12=8
	20-13=7
	20-14=6
	20-15=5
	20-16=4
	20-17=3
	20-18=2
	20-19=1
	20-20=0
