

Autumn 1 - A Twist in a Tale

Science - We are learning about the 7 life processes.

Go for an Autumn walk and see how many things you can find that are alive. Can you find some Autumn objects that used to be alive? Record your findings in your homework book or bring them into school.

Geography - We are learning about our local area.

Human features are places that have been built by people. Use recycled materials or construction to make a model of a human feature near your house. It could be a shop, a road or even a model of your house!

A Twist in a Tale

English - We are learning about traditional tales such as Goldilocks and the Three Bears.

What is your favourite traditional tale? Design a front cover for a new version of it. Here are some ideas - Cinderella or 3 Billy Goats Gruff.

PSHE - We are learning about how each of us are important and unique.

What makes you special? What do you like? Draw and label 3 things in your homework book.

Art - We are learning to use different mark-making skills when drawing.

Carefully draw a picture of your favourite toy or animal. Can you use dots, lines, swirls or even cross-hatching to add detail to your picture?

Year 1 Maths Fluency Focus

Addition Facts for 6, 7, 8, 9

Practise learning these number facts so they become automatic. Use your fingers or objects to help you.

$0+6=6$

$0+7=7$

$0+8=8$

$1+5=6$

$1+6=7$

$1+7=8$

$2+4=6$

$2+5=7$

$2+6=8$

$3+3=6$

$3+4=7$

$3+5=8$

$4+4=8$

$0+9=9$

$1+8=9$

$2+7=9$

$3+6=9$

$4+5=9$

CHALLENGE - You could also try writing them as number sentences like these above!
