

Reception Topic and Maths Homework

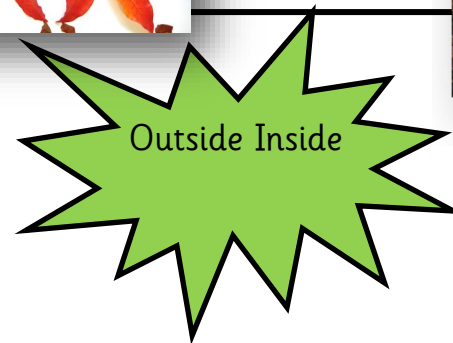

Autumn 1 - Outside Inside

We will be looking at how we have changed and grown and the different stages in our life so far.

Baby, toddler, pre-school, school aged
Please make a timeline of your life using photos or drawing pictures.

Get outside and go on a healthy Autumn walk. When you are there collect some autumn treasure e.g. conkers, acorns and colourful leaves. Can you make a picture with the items you found? You might want to stick your treasure to a piece of paper, or make a picture on the ground during your walk and take a photograph.

Reception Maths Fluency Focus

I can count forwards and backwards by myself.

- Count forwards from 0 to 5
- Count backwards from 5 to 0.
- Count forwards from 0 to 10
- Count backwards from 10 to 0
- Count forwards to 10 starting at any number.
- Count forwards from 0 to 20.
- Count backwards from 20 to 0.
- Start on any number within 20 counting forwards and backwards.

We will be practicing how to cross a road safely.
Can you remember what you need to do?

- Stop 
- Look 
- Listen 
- think 

Please watch this video

Please practise crossing the road safely with your grown up and either take a photograph or draw a picture of you crossing the road safely.

Please watch this video with your child.

Please practise putting your coat on, and doing your coat up independently. This means we can all get outside quicker.

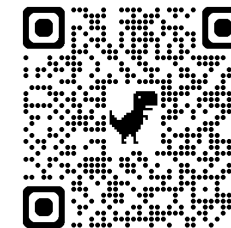

Watch this for a top tip!

Please also practise putting your socks on independently.

Please practise singing lots of different Nursery Rhymes together.

Here are some you can sing along with.
