

Friday 6th February 2026

Our Weekly Round Up!

Message from Mrs Fawbert:

Wow, it's been a really busy few weeks! The children have been creative during Art Week last week and joined in with National Storytelling Week this week!

On Tuesday we will be celebrating Safer Internet Day. The focus is on AI and voice recognition devices and how to use them safely. Please see the link below for information for parents/carers:

<https://saferinternet.org.uk/guide-and-resource/parents-and-carers/smart-speakers>

Opal Play

Please ensure your child has a change of clothes in school.

Particularly extra socks/tights and leggings/joggers.

Thank you!

Valentines Pancakes

Next Friday I will be enjoying a treat with the children! They will come into the hall, decorate a scotch pancake and eat it! I love doing special things like this with the children!

What's going on this week/notices/information:

Change to individual photo date: We have needed to change 14th May, rather than 7th. Please edit your diaries! Thanks so much!

Attendance: I really appreciate family's efforts with their child's attendance through the winter months. Please remember we can give Calpol and would definitely send them home if they are unwell. Our overall attendance figure (93%) is still lower than our target (96%), so we really need to keep striving to improve this. It's surprising how much learning your child can miss even by just one or two days off school, plus it can impact their social connections.

Save the Date: On **Saturday 28th February** we will be holding a community day, planting tree saplings around our school site. Miss Durkin is organising this and families will get a chance to plant their own tree! More details to follow.

Parents Evening: Please ensure you have used our MCAS app to book a parents evening appointment with your child's teacher for next Wednesday or Thursday evening. Thank you!
